# 02

# Someone lost a deal.

The request: change the positioning.

# 03

# The CMO asked for evidence.

A pattern in win/loss interviews, or a release that changes who we sell to.

# 04

# One source of truth.

Positioning is versioned. Every battlecard records the version it was built on.

# 05

## Changes flag only what's affected.

Moving from v2 to v2.1 flagged 5 of 9 assets, not all of them.

# Would you trust an agent that never says no?

Tell me in the comments.
